

ChE 415/416 Postlab Check Sheet

Experiment:

Team:

Please check that you have included the following elements in your Postlab Report. A description of the individual elements may be found in the Postlab Grading Sheet. This check sheet must be submitted with the Postlab Report.

- Report Overall - Experimental Uncertainty
- Report Overall - Quantitative versus Qualitative
- Report Overall - Presentation Style
- Objective
- Presentation of Results - Actual Results
- Presentation of Results - Experimental Methodology
- Presentation of Results - Sample Calculation
- Discussion - Statistical Analysis
- Discussion - Analysis of Trends or Anomalies
- Conclusions

I realize that this Postlab Report represents a team effort. As a member of the team I have read this report for meaning and content and proofed this report for style and grammar. I affirm that the items checked above are complete and present in the report.

I have read the section *Attendance and Academic Honesty* in the course syllabus and I affirm that I have not used reports produced by any students other than my team members in the production of this report and that I have not engaged in plagiarism or other forms of academic dishonesty as described in the Ohio University Student Handbook.
